CUSTOMER-FRIENDLY CHECKOUT
Maximize your customers' large-order checkout experience with Royston's Wood Belted Takeaway Checkstands. Belts quickly move product to cashiers and then to baggers, making this the ideal design for a scan-and-pass operation with bagger support. An auxiliary cashier bag well offers flexibility, and depending on traffic, lanes can operate in scan-and-pass or scan-and-bag modes. All equipment, including the cash drawer location, is ergonomically designed for efficiency and safety.
