

ROYSTON
— GROUP —

SOLUTIONS ON A SUPER SCALE

From local and nationwide retail chains, to restaurants, laboratories, and gas stations, **Royston Group** delivers complete branding and equipment products and services for the full range of environments.

No branding challenge is too big for the **Royston Group**. We're experts in massive, nationwide identity programs and outfitting for commercial and institutional environments across the board.

We're your go-to, turnkey resource for complete equipment and identity solutions customized to your brand needs and specs. Unrivalled in our large-scale design, manufacturing and installation capabilities, we also serve up maintenance and service programs that are the best in the business.

With facilities from coast to coast as well as overseas, **Royston Group** supports clients locally, regionally and nationally with unparalleled solutions at competitive price points and lead times. We're also a global player in modern sourcing and logistics.

PRODUCTS AND SERVICES

Royston Group is the leader in the design, manufacture and installation of fully integrated modular steel and wood casework, shelving, adaptable workstations and custom fixtures that are the industry benchmarks. We are also the premier source for exterior signage, architectural elements and LED applications for corporate identification programs.

Project Management

At the **Royston Group**, extraordinary project management drives our success – we're dedicated to providing the highest level of personalized, professional service in the industry. For new construction projects, remodel programs or other large-scale undertakings, we're your full-fledged partner for flawless execution and attention to detail.

We manage every step of the project, from scheduling and quality control in manufacturing to delivery, installation, maintenance and service performance after the job is done – all in the name of being accountable to you.

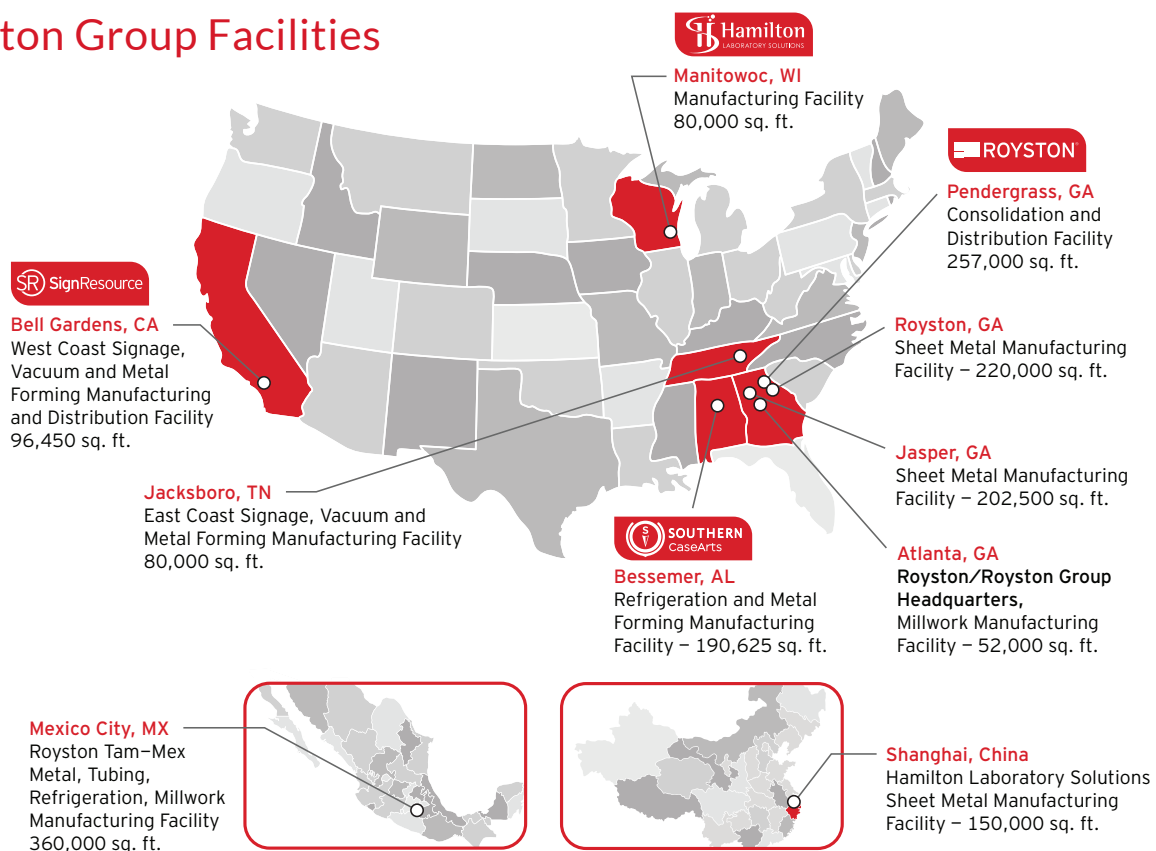

Design & Engineering

We convert your concept to reality, while upholding your brand integrity. Using state-of-the-art technology, our highly skilled design and engineering teams transform your creative ideas into workable, high-impact solutions that achieve your goals, while maximizing your return on investment.

Manufacturing

Our products are made by experienced, skilled craftsmen, and our more than one million square feet of manufacturing space (spread across nine cutting-edge facilities) can accommodate any large-scale program. We also maintain roughly 300,000 square feet of consolidation/distribution space in two locations.

Royston Group Facilities

Nationwide Installation Services

Our award-winning products are installed with pride, using a nationwide network of certified, licensed and insured installers and subcontractors trained to handle any challenge. They make every project a success, from single-site installations to nationwide rebranding programs, as well as restorations and removals.

Maintenance & Service Experts

We provide professional maintenance for all our products and systems. Our all-inclusive, worry-free maintenance programs for decades have set the standard in this business, and we pride ourselves on our flexibility in adapting to the service needs of our individual customers – many of them industry leaders.

INDUSTRIES WE SERVE

We care for customers in the automotive, banking/financial, foodservice, grocery, healthcare, hospitality, laboratory, industrial, mixed-use development, rental car, retail, fuel, C-store, university, and general service business.

FOR THE TOUGHEST LARGE-SCALE JOBS, CALL ON US

We're known for our unmatched expertise, our state-of-the-art manufacturing systems, and our philosophy of customer-driven innovation. For dynamic solutions to large-scale challenges, turn to **Royston Group** for handling all your major project needs.
