SHELVING  
SYSTEMS

# We bring you a world of affordable solutions.

Convenience and grocery stores want high-quality shelving options provided quickly and on budget. Vector International, the import arm of the Royston Group, offers a complete range of shelving, including 3-Piece, 1-Piece Low Profile, Beer Cave and Gravity. Leveraging our relationships with manufacturers in Mexico, China and elsewhere in the world, Vector brings a global approach to sourcing dynamic point-of-sale shelving that can maximize pack-out and increase impulse sales.

# 1 Vector International 3-Piece Shelving

Our 3-piece gondola shelving allows you to build custom-length aisles for retail stores. Whether you need just one unit or require additional units, these shelving units feature steel bases, shared uprights to connect multiple units together, and are easy to assemble. Available in single-sided units - for placement against walls or double-sided units - display product on both sides in hallways and main aisles.

## 3-Piece | Wall Gondola

- Universally compatible design
- Load test to 500 lbs. per shelf
- Complete, competitively priced solution
- Standard color: Iron Kettle Black ●
